by

Prof. Steven Gallagher,

Steven teaches equity and trusts, property law, and a course on art, antiquities, cultural heritage and the law. In September 2023, Steven began teaching a new course on digital technology and law. Steven has presented over 200 continuing professional development courses for solicitors in Hong Kong on many topics associated with property. Steven's research interests include equity and the law of trusts, cultural heritage law, Chinese custom and law, and legal history. In 2023, Steven published a textbook on Digital Technology and Law. He is not a technologist.

This 3-hour seminar will provide an introduction to the existing law of charitable trusts in Hong Kong and the legislative changes to this area of the law that were effected in 2013, and those that were proposed in 2013 but have not been effected. The seminar will begin with consideration of the existing law of charitable trusts in Hong Kong, including the benefits of charitable status for a trust and the requirements for charitable status. The seminar will then consider the problems with the modern law of charitable trusts in Hong Kong as identified in the Law Reform Commission's public consultation report published in 2013 and the recommendations on proposed legislative changes.
